

Proven Performance

with lowest Total Cost of Ownership

Flowrox is a family owned global company headquartered in Finland. We offer flow control solutions for some of the most challenging conditions on the Planet.

We exist to make your life easier

There is always a solution and we are happy to help providing services starting from sizing and materials selection, to installation and spare parts delivery and maintenance to ensure your process up and down streams flow is optimal.

Our Value for You: Lowest TCO

Our products are built-to-last and we are proud of it! By choosing reliable and robust solution you will make substantial savings through out the life-cycle of the equipment in spareparts, maintenance not to forget the downtime.

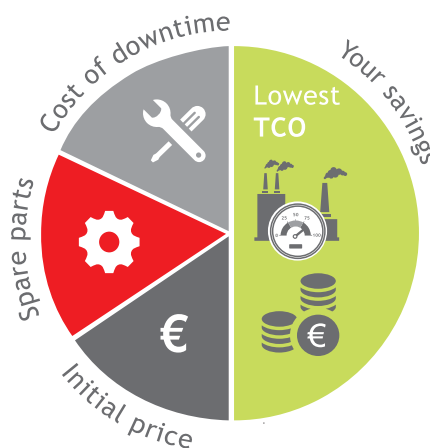

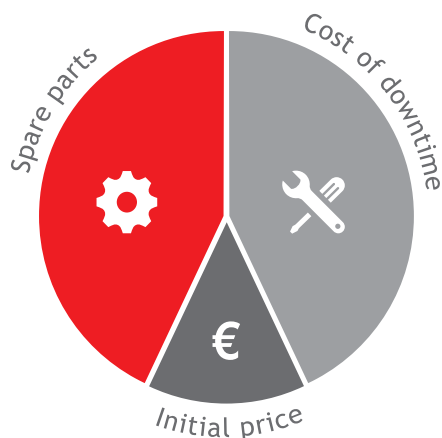

- Improved process performance
- Longer service lifetime
- Lower operational costs

Conventional

Flowrox solution

Flowrox valve operation costs in automatic pressure filter, one cycle in every ten minutes (open-close). Typical valve size DN100.

PROVEN PERFORMANCE

FLOWROX

40 years of experience in elastomer technology

Benchmark in heavy duty valves, pumps and systems

Durability

Heavy duty

Process applicability

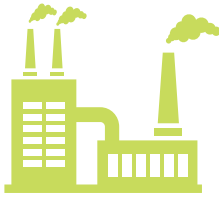

Maintenance services

Low total cost of ownership

Operations on 5 continents, 220 representatives globally, deliveries to 80 countries

4 DECADES: KNOW-HOW & INDUSTRY EXPERTISE

- Mining & metallurgy
- Cement & construction
- Energy & environment
- Water & wastewater
- Chemical process industry
- Oil & offshore
- Pulp & paper
- Food & pharma
